

JET UTILITY LIGHT

SPECIALTY LIGHTING INC.

SERIES 2130

1825 Galveston Street - Grand Prairie, Texas 75051
Telephone: 972-642-9818 • Fax: 972-237-9085

Similar to Jetlite Model 2127 except with 12 volt lamp and coil cord. May be used with portable battery packs, vehicular, boat or aircraft power.

Virtually water proof. Ideal in wet locations or where corrosive conditions exist. A great boat, RV or sports light.

FEATURES

- One-piece molded housing.
- Bulb protected against breakage (Lexan® Lens).
- No exposed metal parts.
- Neoprene cover protects switch from moisture and spark hazards.
- Neoprene lens seal protects lamp from moisture and external damage.
- Heavy duty coil cord.
- Lightweight and built to take abuse.
